ABOUT ME

I've had a varied career over the last 20 years ranging from being an IT Engineer, Air Force Vet, Software Engineer, IT Manager, Carney, Apprentice Chef, Bartender, BarBack, Customer Service Rep, Tour Guide, Dog Walker and the most recent addition, a Snowboard Instructor at Okemo Mountain Resort.

I've worked for Vail Resorts for the last 3 seasons, and recently completed working as a full time bartender at 9280 Tap House in River Run, Keystone, and have relocated to Colorado Springs.

I'm currently seeking a position as a server or bartender in a high volume restaurant or nightclub here in Colorado Springs for the spring and summer. I'm available for full time work, but would consider part time at the right venue.

EXPERIENCE
